FOOD PAIRINGS

Insieme Orange is fantastic for vegetal flavors, especially bitter vegetables like asparagus, artichokes, and kale, but it can also hold up to heavier foods, including fish, white meat, and even some red meats.

TASTING NOTE

Intense yellow color with a coppery-orange tinge, notes of citrus, grapefruit, and lemons, with spicy and balsamic hints of white pepper and mint. In the mouth, it has an excellent structure and sapidity, all supported by a good acidity that gives freshness.
