

BIKKUN

VATTED MALT BASQUE WHISKY

THE PRODUCT

To create this whisky, smoked malts from the Scottish islands have been used, in addition to malts with a marked “sherry” character from the Highlands.

TASTING NOTE

Natural old gold color. Bright and clear.
On the nose it starts with a clear blow of peat smoke and a light salty touch; sweet and fruity aromas. Pleasant cereal aroma combined with notes of pastries and dry fruits. Finally notes of Sherry appear. In the mouth, it has a medium and mellow body. Notes of honey, licorice and peat smoke mixed with spicy notes. Medium finish with sweet notes of cereal and slightly bitter.

BIKKUN

In Basque language, Bikkun means a thing you do with someone, in pairs.

This is the origin of the Bikkun Vatted Malt Whisky, a 100% malt whisky, resulting of an international collaboration between Basque Moonshiners and Distell International.
