

MAeCO' GIN

SIBONA

MA and CO' means MAre (Sea) and COLLina (Hill). It is Sibona's Italian Premium Dry Gin, also enriched with botanicals from Piedmont (Hill) and Liguria (Sea), including for Piedmont: juniper berries, lavender from Sale San Giovanni, sage, rosemary, damascena rose, Nebbiolo vine leaves, and for Liguria: lemon, thyme, Pernambuco orange, basilico genovese d.o.p. (genovese basil). This gin thus celebrates the meeting of the hills and the sea.

It is distilled with Eva natural water, which gushes out from the highest spring in Europe at 2,042 meters (6.700 ft).

The bottle is produced in "wild glass," recycled glass with a significant reduction in CO2 emissions and limited waste of raw materials, in total support of the environment.

TASTING NOTES

Bouquet: the fresh, refined scent of lavender, gradually joined by notes of citrus, sage, thyme, basil, and rose.

Palate: elegant, rich, and enveloping, with an excellent balance of citrus and floral notes. The persistent finish leaves a fresh taste predominantly of lavender, orange, and lemon notes.

Capable of conveying all the unique sensations of hillside and sea botanicals.

Tasting tips: neat with ice, perfect with classic gin and tonic (excellent for an aperitif) and negroni.

Uniquely delicious in cocktails in general.

Alcohol content: 42%
