

# SAUVIGNON DELLE VENEZIE IGT

## WINE DESCRIPTION

Although Trentino regional white wines are sometimes considered light by international standards, the best of them have an unexpected propensity to age. But the emphasis remains on the popular Pinot Grigio. Despite the traditional flow north to German-speaking countries, the white wines of Trentino have been making steady progress in Italy and, recently, in foreign markets, such as the United States and United Kingdom.

## TASTING NOTES

Straw yellow color with green highlights. Very clean nose with intense, fresh tropical fruit, pink grapefruit and vegetal aromas, like tomato leaf. Good structure with lively acidity, dry and medium length finish.

## FOOD PAIRING

Ideal with pastas, risottos as well as seafood or crustaceans.
